Total Current Charges	\$ 10.80		\$ 10.80

🔧 Residential gas rates for March and April included an approximate 10% reduction to help alleviate the impact of high winter gas bills. As approved by the Massachusetts Department of Public Utilities, this bill reduction was deferred interest-free, to be paid during the warmer months when gas usage is typically lower. From May 1 through October 31, the deferred amount will be incorporated back into rates and will be reflected under the *Distribution Adjustment* line item in the *Delivery Services* section of the bill.
